Descriptions

Description	14-12AWG GRN WINGED WIRE CONN
extra long description	NSI WWC-GR-SJ Winged Grounding Easy
Features	Connecting wires is faster and easier than ever with the professional performance features of Easy-Twist wire connectors from NSI. These connectors feature a specialized design to install in half the time of a typical wire connector, saving you time and energy. The GR line includes a hole in the top of the connector for a through wire, for use in grounding applications. The conical screw shape grips in fewer twists and the outside of the connector is textured with easy-grip ribs for comfortable twisting. T
Long Description	The Easy-Twist WWC-GR-SJ 100-Count Small Jar of Green Winged Wire Connectors are designed for grounding copper wires in the 14-12 AWG size range. They have a hole in the top designed for a through-wire and are made of flame-retardant thermoplastic. The quick-grip square spring design grips in fewer twists and can dead-end a single wire, while the ergonomic swept-back wing design and ribbed texture makes them easy to twist. Their compact design is useful for applications in tight areas or anywhere else you
